

Dear Sirs, Please do not give LPFM broadcasters priority over national radio stations such as KLOVE, which broadcasts via regional translators. KLOVE provides our Tucson community a positive musical alternative to the sex and violence message so openly prevalent in today's rock & roll and rap. I listen to KLOVE on FM 100.5 everyday. I support KLOVE with my personal donation every month, so my commitment does end with my rhetoric. I thank you for your consideration. Sincerely, Frank Stout
